ASSOCIATION

## Sponsorship Benefits Flyer WA Water Breakfast – 30 July 2025 *Harnessing Innovation for Sustainable Water Management*

The annual WA Water Breakfast taking place at The Westin, Perth on Wednesday 30 July 2025, will have a dynamic panel discussion featuring industry leaders from the agriculture & industrial sectors (with Kwinana Industrial Precinct an example) and digital asset management. Hear how smart monitoring, decentralised systems, and circular economy thinking are transforming the way water is managed and valued.

Hear fresh insights into cross-sector innovation, from blockchain-enabled water trading and precision irrigation to modular treatment technologies and other enablers. This will be a vibrant networking breakfast that brings together diverse voices from across communities connected by water—because real change happens where disciplines and ideas converge.

Whether you're working on the ground, shaping strategy, or designing solutions for the future, this event will spark fresh thinking and collaborative energy to meet Western Australia's water sustainability challenges.
